Sir

Sub: Providing & fixing a new starter for Hoskote water works

I have the honour to forward herewith the connected records on the above subject together with a copy of the resolution passed by the Municipal Council at their meeting held on 16-10 46 approving of the payment of Rs 237 out of the closing balance of the municipality

It is seen from the report of the Sanitary Engineer that the existing starter of 10 HP motor was not working properly and a new spare starter is quite necessary The estimated cost for fixing a new starter including establishment tools and plant charges is Rs 237 This is reported to be quite necessary for the uninterrupted supply of water to the town

The Municipal Council is of opinion that the amount may be ordered to be paid out of the closing balance of the Municipality In the circumstances I request that sanction of Government may kindly be accorded for incurring the extra expenditure of Rs 237 on this account and to meet the same out of the closing balance of the Municipality The connected records accompany
